

# *Welcoming Streets*

*June 2021 - November 2022*

# Welcoming Streets Program

## Our Mission:

The Welcoming Streets is designed to support BIA businesses and vulnerable individuals simultaneously by addressing business concerns and providing direct systems navigation support.

## Program Goals:

1. To establish & foster positive relationships
2. To support with systems navigation & connection to services
3. Community education and prevention planning
4. Offer de-escalation support
5. To enhance community safety

## Expected Outcomes and Impact:

1. Stronger engagement between businesses and the community service sector
2. Deeper understanding of mental health and addictions and the types of support services available
3. Raised awareness, leading to an increase in more positive interactions and improved relationships between business owners and vulnerable population
4. Stronger connections and rapport building, leading to increased access to support services

In supporting individuals experiencing homelessness through direct outreach, individuals may access services faster. This immediacy results in:

- An understanding of various referral processes & appointment facilitation between client and service
- Client advocacy, person-centered care, and acknowledgement of lived and living experiences
- Positive and empathetic interactions between business and individual
- The development of meaningful trusting relationships
- Reduction in calls to local police department & a proactive approach to supporting others
- Reduction in potentially violent situations
- Stronger sense of community and inclusivity
- Community partnerships (business community and social service sector)
- Cohesive approach and a reduction in the duplication of services provided

## Making Connections with our Local Businesses

### TESTIMONIAL

"Welcoming Streets is already proving to be an integral addition to our Downtown Belleville community's toolbox. Sara's one on one conflict resolution guidance has already helped us with some event-related aspects of our business that helps us as owners feel more prepared to provide an even better experience for our customers." - **Stacey Kerr, Scalliwag Toys**

trained in administering  
**Life-Saving medication**

### TESTIMONIAL

"As head of security at the Belleville Public Library, I can speak to the importance of Sara Behring's work with us downtown. She fosters an important link that allows us to deal with vulnerable people in our area. Getting those people, the assistance they need, whilst allowing us to get to know those individuals. It's a team effort, and Sara and the street Steward program provide a vital step in community outreach." - *Jeff Bentley, Maxima Security*

## Community Support

# Sharing Spaces

## in Downtown Belleville

Let's keep Downtown Belleville a safe and fun space for all of us to share. Please respect your neighbours and follow our code of conduct.

**Be kind when asking for help.**

**Do not use inappropriate language or behaviour.**

**Use public washrooms.**

**Do not harass or discriminate against others.**

**Clean up after yourself.**

**Do not trespass.**

## Looking ahead

To further support downtown businesses and individuals experiencing homelessness, Welcoming Streets will continue to offer community education in partnership with other social service agencies, as a way to promote inclusivity, empathy, and positive interactions.

Welcoming Streets plans to further their relationships with other organizations as a way to offer a more cohesive and collaborative approach to care.

“Welcoming Streets will continue to grow and develop as a program that supports downtown businesses and our more vulnerable community members simultaneously. My hope is that Welcoming Streets can not only expand its reach within the downtown community, but that it becomes a program of guidance and assistance to other communities aiming to implement something similar.” - **Sara Behring, Welcoming Streets Steward**

### TESTIMONIAL

“Sara is a friendly and helpful presence who is providing resources to folks who have often given up trying to navigate a series of systems that are often complicated and difficult to navigate at the best of times. Sara is a beacon of hope, and we hope we can help her shine brightly for as long as she is able to do her work in the Downtown.” - **Stacey Kerr, Scalliwag Toys**
